BREAK FREE FROM CORRUPTION: JOIN COPE IN REBUILDING A FAIR AND TRANSPARENT FUTURE

For immediate release:

The cancer of corruption, driven by unethical leaders, is destroying the very essence of our society.

Now is the time for people to break free from such political parties and join us in the fight against the scourge of corruption and for a better future. Confronting the national problems of unemployment, poverty, and inequality requires a political party that has not sold its soul to the highest bidders in past elections.

The interest of undemocratic funders will take precedence over the real problems facing the people.

We have uncompromisingly and steadfastly acted against a lack of discipline and compromised members and leaders. We invite you to join us in this crucial moment as we rebuild and reposition our social democratic alternative party, instilling hope for a future impactful role that you will play.

We are building a party of the people, for the people, by the people and with the people.

You can trust us to be RELIABLE, ACCOUNTABLE, INCORRUPTIBLE!
